TO PAY THE PENALTY. RESPITE AS ASKED BY THE SHERIFF

REFUSED PURYEAR Letter of the Governor Disposing of the Question Raised by Mr. W. D. Temple

The Governor vesterday sent the following to the sheriff of Prince George

"GOVERNOR'S OFFICE,
"RICHMOND, VA., July 12, 1887. Mr. William D. Temple, Sheriff Prince George county, Prince George Courthouse, Va. :

"My Dear Sir, —I have duly received your letter recommending that a re-prieve of sixty or ninety days be grant-ed to Holmes P. Puryear, sentenced to be banged on the 15th instant for the murder of his wife. The request is made because the validity of your elecion as sheriff of the county will con before the County Court on the 14th instant, and because (as you say) your services will be needed in attendance upon said court, which will prevent ou from conveying the prisoner from he jail in Petersburg, where he is now onlined, to Prince George Courthouse,

"Upon examination of the record I find that the offence for which Puryear

was tried and convicted was committed on the 14th of June, 1885 (over two years ago); that he was sentenced on the 25th of May, 1886, and resentenced on the 5th of May 1887; that the case was removed from Dinwiddie to Prince George county in order to remove the prisoner from local prejudice; and that the sentence of the trial court was unanimously reaffirmed by the highest court in the State. I also ascertain county for the past four years, and that the term of your office expired on the 1st day of last July; that an election was held the 26th of May last, in which you were the candidate again for the of fice, and that you have received the certificate of election and qualified ass sheriff prior to the 1st of July, 1887. It is true that your competitor has in-stituted a suit to test the validity of your lection, and has obtained a mandaus nisi from the court asking that the commissioners be required to give him the certificate of election, but in all probability, whatever the decision of the lower court, an appeal will be taken to the Circuit Court, which does not now meet until the 7th of Novem ber next, when the case will probably not be decided until the 15th of the month; while being a mandamus case, in may be carried to the Court of Ap-

"In view of the fact that you are the officer legally charged with carrying out the mandate of the court in this case because you hold over until your successor is appointed and duly quali-fied, and because the order of the Cir-cuit Court is mandatory upon you, whatever may be your relations to or duties in the County Court of Prince George, and for the reason that I be never be interfered with by the Execu tive except for good and sufficient rea ons, I regret that I cannot consistently with my official vow and my duty to the State grant, for the reasons given by you, a reprieve to Holmes R. of Capitol Street by Judge Atkins.

Judge Atkins's flag, suspended from a ope which is stretched across Capitol street, was very peacefully floating it the summer breeze yesterday for the few hours that the Hustings Court was in session, the message of the Mayor to

Capitel you knew that the two houses of the General Assembly are in session When Judge Atkins's breast-high ban er waves vehicles from Capitol stree between Ninth and Tenth you know that his court is sitting.
This custom, at once picturesque

a sthetical, and useful, had its origin in the Claverius days, During those long end weary hours for reporters and pri oner it was found that for the Court t proceed with its business either the indows must be shut down, the law vers shut up, or the street "tied up, for such was the rattle of vehicles from Capitol street their noise quite over came the lusticst legal efforts. Ther Judge Atkins got permission from the City Engineer's office and "tied up"

the street for that square.
Such was the comfort afforded by the rope and flag-or, rather, rag-the oractice has ever since been continued. When the court is about to open up go the rope and rag; when the court closes, down they go, and so it is that often "now you see 'em and now you don't." But recently the Mayor and the City Council got to sparring about tying up streets. The result was that the Council peremptorily refused henceforth and forever to allow the Mayor of mybody else to permit streets to be "tied up" on account of sickness of for any other reason. Then Police Captain Angle, as in duty bound

visited Judge Atkins and called attention to the rope and the rag. Judge Atkins said that the arrangement had become a necessity (and it has), and that he could not well give it up. He first spoke of having the grand jury present the street or the Council as a nuisance, but finally be concluded to pursue another course to make the order heretofore alludes to. The Judge is not the man to us

the great power of his court recklessly, and it would seem that the proper way to test the correctness of what he has done would be for the City Attorney to move him to rescind the order. Judge Atkins won't do it and can't show that he has law and reason on his side, then no doubt an appeal can be

taken to the Supreme Court.
The Board of Aldermen Monday night referred the matter to City-Attor ney Meredith, and no doubt the and wrongs of it all will be fully investigated. But meanwhile Judge Atkins's flag

It is claimed that the injunction granted by Judge Bond forbidding the county treasurers and the Commonwealth's attorneys from doing any ac to put the "coupon-crusher" into force was served upon the treasurer and the Commonwealth's attorney of Lou-doun county very soon after it was made. Soon thereafter the treasurer reported to the Commonwealth's attor-ncy the names of those who had ten-dered coupons in Londonn in payment of their taxes, and the Commonwealth's attorney instituted suits against all of

Mr. Royall Monday sent proof of these facts to Judge Bond, and the Judge made an order requiring the treasurer and Commonwealth's attorney of Loudoun to show cause before him at Richmond on the 28th of July why they should not go to jail for a con-tempt of court.

Attorney-General Ayers has been reported for a similar contempt (in the Baltimore and Ohio cases, &c.), but as yet Judge Bond has made no order for

him to appear.

In the City Circuit Court yesterday the case of the Commonwealth of Virginia vs. The Ealtimore and Ohio Railroad Company was called and removed to the United States Court. This was a suit brought under the couponcrusher to recover from the railroad taxes for the payment of which coupons have been tendered. Attorney-General Ayers represented the State of Virginia and ex-Judge Hugh W. Sheffey the railroad company.

Added to this I have the pleasure to an-nounce that Mr. Lewis Ginter, one of our most liberal and public-spirited citizens, has given to the institute the sum of five hundred dollars, for which I return warmest thanks, with the assurance that this liberal donation will be carefully guarded and used for pur-poses which will attain the highest and greatest good. It is earnestly hoped that this liberal example will be followed by many others, when they be hold the great end attained by this in-stitute. The amount in the hands of the treasurer this day, after deducting disbursements, is \$1,542.69, on account membership fees, donations, &c., \$1,000 of which is invested in a 5 per cent.
